Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. Using file, you can circumvent those limits without paying to upgrade your teamchat service. Unfortunately, we can't make that part free. The cost of that data transfer is covered by your internet service or the data plan on your phone. Justupload the file you want to share with your friends and we send you a download link to your file. filehosting provides an easy possibility for you to send largefiles to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Any file in any format can be uploadedand downloaded for free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Wehave no file size limit. You can upload any type of file (movies, music, documents, images, zip files and more). If only we could, we surely would! On the otherhand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. Why pay storage fees for a file that youjust wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Alternativelyyou can choose to share your download links on blogs, forums and social networking sites. Our service is completely free for everyone. Keep your files private,or send your download links only to friends or family. You can give this download link to your friends by mail or instant messenger. You don't need any special software installed to be able to download your files. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to share your files with. It is also allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. Simply upload your file and share the link. So try our free and simple filehosting service now.
