Maybe even better than free.

Our service is completely free for everyone. You decide who you want to share your files with. filehosting provides an easy possibility for you to send largefiles to your friends. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend to pile up andbe forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. We have no filesize limit. You can give this download link to your friends by mail or instant messenger. So try our free and simple filehosting service now. The cost of thatdata transfer is covered by your internet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. Justupload the file you want to share with your friends and we send you a download link to your file. Unfortunately, we can't make that part free. It is also allowedto link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file,data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Using file, you can circumvent thoselimits without paying to upgrade your team chat service. Keep your files private, or send your download links only to friends or family. There are no restrictionson the number of times a file can be downloaded. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Noaccount or credit card is required to get started. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music,documents, images, zip files and more). Any file in any format can be uploaded and downloaded for free. Why pay storage fees for a file that you just wanted tosend to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. If only we could, we surelywould! On the other hand, using file can actually save you money.
