Maybe even better than free.

File is free to use with no gotchas and no hidden fees. We have no file size limit. Our service is completely free for everyone. You can give this download link to your friends by mail or instant messenger. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your friends. No account or credit card is required to get started. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your downloadlinks on blogs, forums and social networking sites. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing thefile you're sending in your cloud storage or mail server. You don't need any special software installed to be able to download your files. So try our free andsimple filehosting service now. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. Keep your files private, or send your download links only to friends orfamily. Simply upload your file and share the link. You decide who you want to share your files with. Unfortunately, we can't make that part free. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer from our high speed servers. It is alsoallowed to link to the download page from websites and communities. You can upload any type of file (movies, music, documents, images, zip files and more).If only we could, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limits without paying touprgrade your team chat service. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits tothe size of files that can be transferred within their apps.
