Maybe even better than free.

It is also allowed to link to the download page from websites and communities. You can upload any type of file (movies, music, documents, images, zip files and more). When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Using file, you can circumvent those limitswithout paying to upgrade your team chat service. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free andsimple filehosting service now. If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private, or sendyour download links only to friends or family. There are no restrictions on the number of times a file can be downloaded. Simply upload your file and share thelink. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phoneand our servers, then from our servers to your friends device. Any file in any format can be uploaded and downloaded for free. No account or credit card isrequired to get started. Unfortunately, we can't make that part free. Our service is completely free for everyone. You don't need any special software installed tobe able to download your files. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Why pay storage feesfor a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. The cost of that datatransfer is covered by your internet service or the data plan on your phone. Just upload the file you want to share with your friends and we send you a downloadlink to your file. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to share your files with. Files can be downloaded from any computer from our high speed servers. We have no file size limit.
